

## **WORKS PROCUREMENT NOTICE**

**Construction of the segment of Main Road #51 between Baja and the border Phase I**

**Project Code: K051.02**

**Location of Bács-Kiskun County in Hungary**

**1. Publication reference**

HU-SRB /0901/111/006

**2. Procedure**

Local open

**3. Programme**

IPA

**4. Financing**

Hungary-Serbia IPA Cross-border Cooperation Programme approved by EC Decision C(2008) 1075

**5. Contracting Authority**

National Infrastructure Development Private Limited Company

1134 Budapest, Váci út 45. HUNGARY

### **CONTRACT SPECIFICATIONS**

**6. Description of the contract**

The purpose of the contract is the construction of the segment of Main Road #51 between Baja and the border. Phase I

**Section 1**

Construction of roundabout on Main Road #51 between Sections 162+679-162+839 km between Monostori street and Báthory street.

**Section 2**

Construction of Main Road #51 between Sections 162+839-163+480 km.

**7. Number and titles of lots**

Not applicable, only one lot.

## **TERMS OF PARTICIPATION**

### **8. Eligibility and rules of origin**

Participation is open to all legal persons [participating either individually or in a grouping (consortium) of tenderers] which are established in a Member State of the European Union or in a country or territory of the regions covered and/or authorised by the specific instruments applicable to the programme under which the contract is financed (see also heading 22 below). All works, supplies and services under this contract must originate in one or more of these countries. Participation is also open to international organisations. The participation of natural persons is directly governed by the specific instruments applicable to the programme under which the contract is financed.

### **9. Grounds for exclusion**

Tenderers must submit a signed declaration, included in the Tender Form for a Works Contract, to the effect that they are not in any of the situations listed in point 2.3.3 of the **Practical Guide to contract procedures for EU external actions**.

### **10. Number of tenders**

Tenderers may submit only one tender per lot. Tenders for parts of a lot will not be considered. Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot. Tenderers may not submit a tender for a variant solution in addition to their tender for the works required in the tender dossier.

### **11. Tender guarantee**

Tenderers must provide a tender guarantee of 10.000,00 euros when submitting their tender. This guarantee will be released to unsuccessful tenderers once the tender procedure has been completed and to the successful tenderer(s) upon signature of the contract by all parties.

### **12. Performance guarantee**

The successful tenderer will be asked to provide a performance guarantee of 5% of the amount of the contract at the signing of the contract. This guarantee must be provided together with the return of the countersigned contract no later than 30 days after the tenderer receives the contract signed by the Contracting Authority. If the selected tenderer fails to provide such a guarantee within this period, the contract will be void and a new contract may be drawn up and sent to the tenderer which has submitted the next cheapest compliant tender.

### **13. Information meeting and/or site visit**

No information meeting is planned.

### **14. Tender validity**

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders.

### **15. Period of implementation of tasks**

The period of execution will be 4 months from commencement date, plus the Defects Liability Period of 36 months.

---

## SELECTION AND AWARD CRITERIA

### 16. Selection criteria

The candidate shall prove his technical and financial ability as indicated in the tender dossier.

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

- 1) Economic and financial capacity of candidate
  - (a) the average annual turnover of the candidate in the years 2009, 2010 and 2011 must exceed the amount of EUR 1.200,000.00;
- 2) Professional capacity of candidate
  - (a) has at least one employee with a minimum 5-year professional practice in road construction (responsible technical manager with a valid category 'A' in the field of traffic construction projects – MV-KÉ/A according to Government Decree 244/2006 (dated 05.12.) or any corresponding qualification obtained before this recategorization) and listed in the name register of the Hungarian Chamber of Engineers;
- 3) Technical capacity of candidate
  - (a) The candidate has completed and contractually fulfilled work in the subject of construction of at least one roundabout junction on a national public road and construction or widening to four lanes of a new national public road with a continuous alignment in at least 1 km, within a period of five years before the deadline for submission of tenders;
  - (b) has at least one level controlled asphalt finisher.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.
